Preface

Man & Woman of Goa

THE collection of the coins of Goa, Diu, Ceylon and Malacca is amazing in that it emphasises that in the sixty years since H. T. Grogan sold his collection (J. Schulman, Amsterdam, 23/2/1914) there has been little published material or new thoughts on the Portuguese Colonial coinage from India. The collection is almost as comprehensive as Grogan's; however, in this catalogue, although great attention has been paid to detail, it has not been possible to give such lengthy descriptions and make so many individual lots as that sale offered. There are a number of unrecorded and extremely rare coins, including over 30 gold coins. Reference to the first four plates of this catalogue will show at once the high quality of the coins.

The English section of the sale is small, but a number of the hammered pence, mainly from recorded find spots, are of interest; a type I Stephen Penny of Nottingham (lot 478); and the Atrebatas and Regni Quarter Stater (lot 442) is not only a delightful coin but also very rare. The milled coinage includes a few choice patterns and the South Shields and Scottish counterstamps (lots 542-554) are worth a special mention. The remaining 200 lots in the sale form a comprehensive group of Thalers and smaller coins from many countries. There is a wide and varied choice, from the commemorative Thalers of Bavaria (lots 612-621), the splendid Saxe-Coburg-Eisenach broad Double-Thaler (lot 649) to rare Japanese milled gold (lots 704-711) and Spanish Necessity Coins (lots 766-775).

Sale Catalogues

On the average we issue twelve or more Coin Catalogues and three Naval & Military Medal Catalogues each year, some of which are usually of sales of important Collections.

Catalogue Subscriptions

Sale Catalogues, frequently illustrated, are normally posted to Subscribers about three weeks prior to the date of Sale.

Lists of 'Prices Realised' are issued after each Sale, thus giving at a glance a reliable guide to value. The final test of value must always be auction prices rather than the figures given in books of reference, for changing times and fashions soon render the latter obsolete and misleading. The Lists of 'Prices Realised' will probably be enclosed in a following Sale Catalogue.

Air Mail Postage

To allow subscribers resident outside Europe time to submit Postal Bids, Sale Catalogues will, if desired, be sent by Air Mail. Air Mail postage is not, however, included in the Subscription Rate and the cost must be borne by the Subscriber. In such cases a deposit against the cost is required.

Annual Subscription Rates *(commencing from 1st January)*
